

Product Data - Series GMB Glass Markerboard

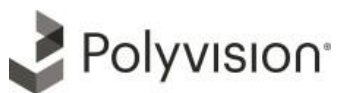

Glass Markerboard

Since 1953, Nelson Adams NACO has created products to meet the needs of multipurpose rooms such as classrooms, labs and conference rooms. Independently owned and operated, the company focuses on precision-focused technology to create outstanding products.

- Glass markerboards are made of ¼" clear tempered glass and powder coated to one of our color choices. The GMB can include a steel backing for magnetic purposes.

Proud Partner of:
