

Vertical Sliding Markerboard

Since 1953, Nelson Adams NACO has created products to meet the needs of multipurpose rooms such as classrooms, labs and conference rooms. Independently owned and operated, the company focuses on precision-focused technology to create outstanding products.

- Enhance the functionality of teaching and communication centers with custom-made vertical sliding markerboards. Designed to fit your exact dimensions and configurations, these markerboards feature a sleek aluminum housing that maximizes wall space. Choose from a variety of sliding surfaces, including markerboards, chalkboards, and tackboards, to create a versatile and efficient workspace..
